INDEX TO VOLUME XXXV

1953

SUBJECTS

Activity Analysis in Agricultural Economics, Some Applications of, 823
Agricultural College Curricula, Economics in, 484
Agricultural Cooperation
  Economic Nature of the Cooperative Association, 74
Agricultural Credit
  Economic Effects of Flexible Land Credit Arrangements, 110
  Research into Equity Considerations in Tenure and Credit, 967
Agricultural Economics, Status of
  Survey of Contemporary Agricultural Economics, 668
Agricultural Integration in Europe, 511
Agricultural Policy and Farmers' Freedom: A Suggested Framework, 496
Agricultural Policy
  Agricultural Policy and Farmers' Freedom: A Suggested Framework, 496
  Agricultural Problems—As Seen From Washington, 659
  Freedom and Security as Policy Objectives, 317
  Nature of the Race Between Food Supplies and Demand in the United States, 1951-75, 203
  Process of Integration and Agricultural Problems, 371
Agricultural Price Policy
  Economic Analysis of the Impact of the Price Support Program Upon the Development of the Potato Industry in the United States, 1010
  Effectiveness of Free Market Prices in Allocating Resources Within Agriculture, 784
  Price Supports and the Effectiveness of Hedging, 811
  Theoretical Scaffolding for Considering Governmental Pricing Policies in Agriculture, 1
  What Should Go Into the Parity Price Formula? 159
Agricultural Problems—As Seen from Washington, 659
Agricultural Problems of the Middle East, 582
Agricultural Statistics
  How the Office of Statistical Standards Can Help Develop a Program, 865
  Planning Within Agricultural Estimates for a Workable Modernization Program, 855
  Proper Planning Reduces Research Errors, 572
  Report of the American Farm Economic Association Committee on Farm Employment Estimates, 976
Alternative Functions for Analyzing a Fertilizer-Yield Relationship, 519
Applicability of Recent Developments in Methodology to Agricultural Economics, 692
Application of The Use of Economic Models to the Dairy Industry, 834
Appraisal of the Applicability of Single Equation Methods to Statistical Demand Analysis of Agricultural Commodities, Demand for Farm Products, 1008
Appraisal of Foreign Agricultural Technical Assistance Programs, 898
  Discussions: 911, 913

Blueprinting a Program for Improving Crop and Livestock Estimates
  How the Office of Statistical Standards Can Help Develop a Program, 865
  Planning Within Agricultural Estimates for a Workable Modernization Program, 855
  Discussion: 876

Challenge of Agricultural Economics to Extension Work, 989
China's Road to Collectivization, 188
Communism and Agriculture
  China's Road to Collectivization, 188
  Socialization Process in Czechoslovak Agriculture, 88
Competition Among Retail Food Stores, Prices as Indicative of, 236
Controlled Experiments in Retail Merchandising, 916
Cooperative Association, Economic Nature of the, 74
Critical Review of Demand Studies
  Measurement of Market Demand With Particular Reference to Consumer Demand for Food, 878
  Discussion: 895

Crop Insurance
Temperature Insurance—An Alternative to Frost Insurance in Citrus, 15
Current Developments in Agricultural Economics Extension
Developing Educational Work in Agricultural Policy, 993
Taking Farm Management to Farmers, 1000
Challenge of Agricultural Economics to Extension Work, 989
Current Research in Farm Management
Research Into Management Problems of Corporate Farming, 953
Use of Production Functions in Farm Management Research, 938
Current Research in Land Economics
Research Into Equity Considerations in Tenure and Credit, 967
Research Into Obstacles to Recommended Land Use Practices, 962
Czechoslovak Agriculture, Socialization Process in, 88

Demand Analysis
Demand for Farm Products: An Appraisal of the Applicability of Single Equation Methods to Statistical Demand Analysis for Agricultural Commoditiees, 1008
Measurement of Market Demand With Particular Reference to Consumer Demand for Food, 878
Demand Prospects
Long Range Domestic Demand Prospects for Food and Fiber, 754
Nature of the Race Between Food Supplies and Demand in the United States, 1951-75, 203
Developing Educational Work in Agricultural Policy, 993

Economic Analysis of the Impact of the Price Support Program Upon the Development of the Potato Industry in the United States, 1010
Economic Development
Agricultural Problems in the Middle East, 582
Economic Development of our Western Interior, 707
Economic Factors in Western Range Improvement, 728
Land Reform and Economic Development, 173
Long Range Production Prospects and Problems, 744
Public Water Policy for the West, 719
Discussion: 741
Economic Development of our Western Interior, 707
Economic Effects of Flexible Land Credit Arrangements, 110
Economic-Engineering Methods in Marketing Research, 924
Economic Factors in Western Range Improvement, 728
Economic Implications of Input-Output Relationships in Fryer Production, 223
Economic Models, Application of the Use of to the Dairy Industry, 834
Economic Nature of the Cooperative Association, 74
Economics in Agricultural College Curricula, 484
Effectiveness of Free Market Prices in Allocating Resources Within Agriculture, 784
Empirical Study of Price Expectations and Production Plans, 355
Estimation and Use of Cost Functions in Iowa Creameries, 931
Europe, Agricultural Integration in, 511
Experiment to Derive Productivity and Substitution Coefficients in Pork Output, 341
Extension
Challenge of Agricultural Economics to Extension Work, 989
Developing Educational Work in Agricultural Policy, 993
Taking Farm Management to Farmers, 1000

Factors Affecting the Accuracy of Price Forecasts, 323
Farm Employment Estimates, Reports of the American Farm Economic Association Committee, 976
Farm Management
Fifty Years of Farm Records in Minnesota, 249
Research Into Management Problems of Corporate Farming, 953
Systems of Farming Adapted to Highly-Productive Level Land in Illinois, 1014
Use of Production Functions in Farm Management Research, 938
See also Production Economics
Farm Price Supports

Feasibility of Price Supports for Perishable Farm Products, 800
Price Supports and the Effectiveness of Hedging, 811
Discussions: 818, 820
Feasibility of Price Supports for Perishable Farm Products, 800
Feed-Livestock Economy and Its Endogenous Mechanism, Four-Equation Model of the, 44
Feed-Mixing Under Different Price Conditions, Linear Programming Applied to, 471
Fertilizer-Yield Relationship, Alternative Functions for Analyzing a, 519
Fifty Years of Farm Records in Minnesota, 249
Food Supplies and Demand in the United States, 1951-75, Nature of the Race Between, 203
Forage-Grain Substitution: Its Importance in the Economics of Milk Production, 562
Foreign Agriculture Technical Assistance Programs
Appraisal of Foreign Agricultural Technical Assistance Programs, 898
Discussions: 911, 913
Foreign Agricultural Affairs
Agricultural Integration in Europe, 511
Agricultural Problems of the Middle East, 582
China's Road to Cellectivization, 188
Land Reform and Economic Development, 173
Long Range Prospects for American Agriculture: International Trade, 766
Socialization Process in Czechoslovak Agriculture, 88
Four-Equation Model of the Feed-Livestock Economy and Its Endogenous Mechanism, 44
Free Market Prices and Resource Allocation
Effectiveness of Free Market Prices in Allocating Resources Within Agriculture, 784
Discussions: 794, 796
Freedom
Agricultural Policy and Farmers' Freedom: A Suggested Framework, 496
Freedom and Security as Policy Objectives, 317
Fuller Usage of Punch-Card Equipment in Social Science Research Through Improving Techniques, 260
Hedging—How Effective Is It? 398
Hedging, Price Supports and the Effectiveness of, 811
Hedging Reconsidered, 544
How the Office of Statistical Standards Can Help Develop a Program, 865

Income Elasticity
Short-Run Effects of Income Change on Expenditure, 99
Input-Output Relations
Alternative Functions for Analyzing A Fertilizer-Yield Relationship, 519
Experiment to Derive Productivity and Substitution Coefficients in Pork Output, 341
Forage-Grain Substitution: Its Importance in the Economics of Milk Production, 562
Some Economic Implications of Input-Output Relationships in Fryer Production, 223
Use of Production Functions in Farm Management Research, 938
What Is the Place of the Equal-Product Function?, 29
Integration and Agricultural Problems, Process of, 371
International Trade, Long Range Prospects for American Agriculture, 766

"Labor Vacuum" and Cotton Mechanization, 381
Land Economics
China's Road to Collectivization, 188
Economic Effects of Flexible Land Credit Arrangement, 110
Economic Factors in Western Range Improvement, 728
Land Reform and Economic Development, 173
Public Water Policy for the West, 719
Relative Costs and Benefits of Land Reclamation in the Humid Southeast and the Semiarid West, 62
Research Into Equity Considerations in Tenure and Credit, 967
Research Into Obstacles to Recommended Land Use Practices, 962
Socialization Process in Czechoslovak Agriculture, 88
Land Reclamation in the Humid Southeast and the Semiarid West, Relative Costs and Benefits of, 62

Linear Programming Applied to Feed-Mixing Under Different Price Conditions, 471
Livestock Feeding Relationships
Four-Equation Model of the Feed-Livestock Economy and Its Endogenous Mechanism, 44
What Is the Place of the Equal-Product Function?, 29
Long Range Prospects for Agriculture
Long Range Domestic Demand Prospects for Food and Fiber, 754
Long Range Production Prospects and Problems, 744
Long Range Prospects for American Agriculture: International Trade, 766

Management Problems of Corporate Farming, Research Into, 953
Marketing
Hedging—How Effective Is It?, 398
Hedging Reconsidered, 544
Marketing Efficiency
Controlled Experiments in Retail Merchandising, 916
Economic-Engineering Methods in Marketing Research, 924
Estimation and Use of Cost Functions in Iowa Creameries, 931
Marketing Margins
Prices As Indicative of Competition Among Retail Food Stores, 236
Measurement of Market Demand With Particular Reference to Consumer Demand for Food, 878
Mechanization of Cotton and "Labor Vacuum," 381
Methodology in Agricultural Economics, Applicability of Recent Developments to, 692
Middle East, Agricultural Problems of the, 582
Milk Production, Forage-Grain Substitution: Its Importance in the Economics of, 562
Minimizing Grain Storage Costs, 530

Nature of the Race Between Food Supplies and Demand in the United States, 1951-75, 203

Obstacles to Recommended Land Use Practices, Research Into, 962
Outlook
Factors Affecting the Accuracy of Price Forecasts, 323

Parity Price Formula, What Should Go Into the, 159
Planning Within Agricultural Estimates for a Workable Modernization Program, 855
Process of Integration and Agricultural Problems, 371
Production Economics
Alternative Functions for Analyzing a Fertilizer-Yield Relationship, 519
Experiment to Derive Productivity and Substitution Coefficients in Pork Output, 341
Forage-Grain Substitution: Its Importance in the Economics of Milk Production, 562
Use of Production Functions in Farm Management Research, 938
What Is the Place of the Equal-Product Function?, 29
Price Expectations and Production Plans, Empirical Study of, 355
Price Forecasts, Factors Affecting the Accuracy of, 323
Price Supports and the Effectiveness of Hedging, 811
Price Supports for Perishable Farm Products, Feasibility of, 800
Pricing Policies (Governmental) in Agriculture, Theoretical Scaffolding for Considering, 1
Prices As Indicative of Competition Among Retail Food Stores, 236
Production Prospects and Problems, Long Range, 744
Proper Planning Reduces Research Errors, 572
Public Policy for Resource Development in the West
Economic Factors in Western Range Improvement, 728
Public Water Policy for the West, 719
Discussion: 741
Public Water Policy for the West, 719
Punch-Card Equipment in Social Science Research Through Improving Techniques, Fuller Usage of, 260

Recent Developments in Methodology
Applicability of Recent Developments in Methodology to Agricultural Economics, 692
Report of the American Farm Economic Association Committee on Farm Employment Estimates, 976
Discussion: 988

Relative Costs and Benefits of Land Reclamation in the Humid Southeast and the Semiarid West, 62
Research Into Equity Considerations in Tenure and Credit, 967
Research Into Management Problems of Corporate Farming, 953
Research Into Obstacles to Recommended Land Use Practices, 962
Research Techniques
Applicability of Recent Developments in Methodology to Agricultural Economics, 962
Application of the Use of Economic Models to the Dairy Industry, 834
Linear Programming Applied to Feed-Mixing Under Different Price Conditions, 471
Measurement of Market Demand With Particular Reference to Consumer Demand for Food, 878
Proper Planning Reduces Research Errors, 572
Some Applications of Activity Analysis in Agricultural Economics, 823
Survey of Contemporary Agricultural Economics, 668
Risk and Uncertainty
Empirical Study of Price Expectations and Production Plans, 355
Temperature Insurance—An Alternative to Frost Insurance in Citrus, 15

Security and Freedom as Policy Objectives, 317
Socialization Process in Czechoslovak Agriculture, 88
Short-Run Effects of Income Change on Expenditure, 99
Some Economic Implications of Input-Output Relationships in Fryer Production, 223
Storage
Minimizing Grain Storage Costs, 530
Studies in Marketing Efficiency
Controlled Experiments in Retail Merchandising, 916
Economic-Engineering Methods in Marketing Research, 924
Estimation and Use of Cost Functions in Iowa Creameries, 931
Survey of Contemporary Agricultural Economics, 668
Discussions: 679, 682, 686
Systems of Farming Adapted to Highly-Productive Level Land in Illinois, 1014

Taking Farm Management to Farmers, 1000
Teaching Agricultural Economics
Economics in Agricultural College Curricula, 484
Temperature Insurance—An Alternative to Frost Insurance in Citrus, 15
Tenure
Research Into Equity Considerations in Tenure and Credit, 967
Theoretical Framework for the Economic Analysis of Government Assistance to Resource Development
Economic Development of our Western Interior; 707
Discussions: 713, 715
Theoretical Scaffolding for Considering Governmental Pricing Policies in Agriculture, 1

Use of Economic Models
Application of the Use of Economic Models to the Dairy Industry, 834
Applications of Activity Analysis in Agricultural Economics, 823
Discussions: 849, 852
Use of Production Functions in Farm Management Research, 938

Water Policy for the West, Public, 719
Western Range Improvement, Economic Factors in, 728
What Is the Place of the Equal-Product Function?, 29
What Should Go Into the Parity Price Formula?, 159
